The Black Star Project,
The Illinois Junior Academy of Science, and
Harold Washington College*

ComEd 100 Annual Achievements in Science Award Program

Scientists use experiments to explore the world, a little bit at a time.

ComEd wants to encourage young scientists (grades 7-12) to complete a project, exploring an area of interest.

By working on a science project students will be able to learn more about a subject and possibly win something that will help in college.

Opportunities to Win:

An IBM Laptop
(with DVD and MS Office),

A \$2,000 US Savings Bond, or

PALM Package
(with Keyboard, Carrying Case and Dictionary Card)

For Applications Visit
